“Gorgeous cover girl Kay Lovely makes her Sex on Sight debut in a big way with a fiery performance opposite her porn crush Nathan Bronson,” said Mile High Media Vice President Jon Blitt. “As in the movie’s title, it’s true natural chemistry when our performers are surprised to learn that they’ll be performing with their own secret crushes.”

Shot in 4K Ultra HD, “Natural Chemistry” features the three popular adult stars at their wildest, sharing their unique connection in scenes filled with great chemistry, captivating visuals and high production values.

Sex On Sight features top adult stars who take a unique sex survey created by the company’s renowned sex therapist. Matched by compatibility, the performers have no idea who they will have sex with until they remove their blindfolds.

About Mile High Media:

Mile High Media has been a pillar of the adult industry for over 25 years. The Canadian managed company began as a Canadian licensee for American adult movies, ensuring it distributed only the highest quality content. Understanding the diverse and ever changing needs of its consumer base, Mile High determined the best way to provide a wide array of superior entertainment was to produce its own content. In 2003, Mile High launched Doghouse Digital, the first of its acclaimed lines catering to specific niches. Growing market trends and demand led Mile High to then create Sweetheart Video (lesbian line), Sweet Sinner (couple line), Reality Junkies (reality gonzo line), Male Reality (gay reality gonzo line) and recently launched Icon Male (gay romance line) and TransSensual (TS romance line). With over 2500 titles, Mile High’s studios yield some of the most viewed adult movies in the world, available on all platforms, including broadcast, IPTV, VOD and mobile applications. Mile High is a continual trendsetter, earning [AEBN.net](#) 2012 Studio of the Year title and FSC 2016 Production Company of the Year.
