“Elsa, who claimed the box cover, was a delight to work with and an absolute dream with her infectious energy and dedication,” St. James said. “Like Elsa, Aria, Kenna and Valentina were amazing on camera, sharing their passion and chemistry with our talented male performers. “One Night Stands,” opens with Oliver, who is just out of a five-year relationship and is now backpacking through Europe when he meets Valentina and quickly becomes entranced with her beauty, her long brown hair and the very little Italian. Next, Elsa is home alone when someone breaks into her new house, but with her boyfriend out of town, she calls Small Hands to come over and it’s not long before things take a sexy turn.

In scene 3, Kenna knew that Stirling was technically off-limits at work. But the power dynamic excited her. But when the AC breaks on a hot summer day, both Kenna and Stirling decide to remove a layer or two of their fancy lawyer clothes to cool down. Next, Aria is still asleep, as Seth gets ready for work in the bedroom mirror. He starts getting intense flashbacks of the late night, fumbling into the house and ripping each other’s clothes off after a few too many cocktails. But

when he tries to wake her up to say goodbye she's not quite ready for him to leave just yet.

The movie was shot in 4K ultra high def, featuring a photo slide show, animated chapter index and more.
