In "The Stepmother 7," Lynn (Avluv) has it all; a caring successful husband in a sumptuous Hollywood mansion, but something is missing. When her husband's (Stone) daughter comes to visit with her new boyfriend, Chuck (Gamble), Veronica's passion for acting is re-awakened by the young movie star. But is it only a craving for the camera or for a deeper longing? With additional performances by Ash Hollywood and Alec Knight, Sweet Sinner's "The Stepmother 7" is a thoughtful look at forgotten passions and submerged desires.

Director James Avalon states, "Mile High Media has created a great erotic series with 'The Stepmother,' and I was really excited to try my own take on it. What makes the series so popular with fans is the aspect of forbidden desire, so I made sure to emphasize this with actors capable of taking on complex roles and displaying a range of emotions. They definitely came through."

"The Stepmother 7" is packed full of special features. The DVD includes a revealing BTS video and a slideshow gallery of gorgeous production stills to enhance the viewing experience.
