In "Lesbian Hitchhiker 5," Celeste and Karlie are 2 young girls with nothing but open road ahead of them, as they head for the Promised Land, California. Julia and Dana are a professional lesbian couple whose work problems have been hampering their sex life. When a random busted engine brings these 2 pairs together, fates come to crossroads and new directions are discovered. Dana Vespoli's sexy drama produces authentic lesbian passion and orgasms – a Sweetheart Video trademark.

Dana Vespoli says, "Lesbian Hitchhiker' has been a Mile High Media fan-favorite for a couple of years, and I was excited for the opportunity to put my own spin on the series. The concept offers so much opportunity for passion and seduction, I knew I wanted to do more than just direct, I wanted to perform in the movie too."

XCritic.com reviewer Rob Perez highly recommends the previous volume in the series. He writes, "Hitchhikers are a sexy scenario, especially when it involves lesbians. I have always loved lesbian porn where girls hunt for girls. So hot! And this involves cougars preying for kittens. It's a winning combo, which makes this DVD a real winner...Erotic as hell!"

Sweetheart Video's goal is to create original, innovative girl / girl erotica for the discerning viewer. Sweetheart films are storyline-driven, carefully cast, and always containing real sexual encounters between women who truly want to be together.

Mile High Media recently launched membership sites for its acclaimed studios. SweetheartVideo.com provides consumers with all the passionate girl / girl scenes Sweetheart Video is known for direct on their computer.

About Mile High Media:

Mile High Media has been a pillar of the adult industry for over 20 years. The Canadian managed company began as a Canadian licensee for American adult movies, ensuring it distributed only the highest quality content. Understanding the diverse and ever changing needs of its consumer base, Mile High determined the best way to provide a wide array of superior entertainment was to produce its own. In 2003, Mile High launched Doghouse Digital, the first of its acclaimed lines catering to specific niches. Growing market trends and demand led Mile High to create Sweetheart Video (lesbian line), Sweet Sinner (couple line), Reality Junkies (reality gonzo line), Hardcore Parody (parody line) and Sweet Sinema (classic Hollywood adaptation line). With over 1500 titles, Mile High's studios yield some of the most viewed adult movies in the world, available on all platforms, including broadcast, IPTV, VOD and mobile applications. Mile High is committed to evolve alongside consumers tastes, reflecting new developments in technology and entertainment. This philosophy led AEBN.net to name Mile High the 2012 Studio of the Year.
