In “The Exhibitionist,” a dark secret is awakened in Wyatt Chamberfield when a sexy, young woman moves in next door. Wyatt likes to watch. One night after seeing her bring a young man home, he’s mesmerized by the sight of them making love through the bedroom window. The next morning, the young woman confronts Wyatt, but she’s not angry or upset... she likes being watched. After the revelation, their deviant relationship takes a dark turn.

Mile High Media Vice President Jon Blitt says, “Javes [Avalon] continues to come up with exciting, new series that are perfect for fans of Sweet Sinner. They push the boundaries of erotica, taking the couples-friendly genre to new heights.”

Watching a Sweet Sinner movie with a lover is part of the appeal of the studio. With real lovemaking and real orgasms, Sweet Sinners provides a new kind of couple oriented erotica. Each sex scene is filmed in its entirety, revealing the true chemistry and connection transpiring on screen. The results are adult movies hot enough for him and passionate

enough for her. For more information, visit www.SweetSinner.com.

About Mile High Media:

Mile High Media has been a pillar of the adult industry for over 20 years. The Canadian managed company began as a Canadian licensee for American adult movies, ensuring it distributed only the highest quality content. Understanding the diverse and ever changing needs of its consumer base, Mile High determined the best way to provide a wide array of superior entertainment was to produce its own. In 2003, Mile High launched Doghouse Digital, the first of its acclaimed lines catering to specific niches. Growing market trends and demand led Mile High to create Sweetheart Video (lesbian line), Sweet Sinner (couple line), Reality Junkies (reality gonzo line), Hardcore Parody (parody line) and Sweet Sinema (classic Hollywood adaptation line). With over 1500 titles, Mile High's studios yield some of the most viewed adult movies in the world, available on all platforms, including broadcast, IPTV, VOD and mobile applications.
