I've known since I started doing porn that I wanted to eventually do double anal," comments Casey Calvert. "I was just waiting for the right opportunity. With this movie, it presented itself, and so I jumped on it. I knew I could trust Mason to create something special out of my experience."

"Casey Calvert took it to the next level," says Mason. "I loved watching her use the scene as a way to push all sorts of pleasure boundaries. She made double anal look hot, used it for her own satisfaction, and it was so rad to be a part of. From Skin, to Gabriella, to Adriana, these girls showed that anal sex can be hardcore, yet still sexy and beautiful at the same time."

In addition to Casey Calvert's first ever double anal, where she takes two hard cocks simultaneously, "Analyzed" includes three additional intense scenes of anal action. Skin Diamond bends over and takes it in the backdoor, while insatiable Adriana Chechik and Gabriella Paltrova spread their cheeks for anal encounters with their guys.
