"I'd only worked with Matt Stevens once before, but I found him to be such a lovely man and so I thought of him for *The Stepfather 2*," says Nica Noelle. "He brings such vulnerability to the role. And Adam Russo, who starred in Volume 1, is featured as Matt's lonely best friend. What surprised me was the chemistry between Matt and Adam, particularly in their sex scene together. It ended up really being a movie about these two guys and what it means to be a middle-aged man who's coming to terms with life's setbacks."

Newly divorced Scott (Matt Stevens) moves in with fellow divorcee Pete (Adam Russo) and confesses to his old friend that he misses stepson Cody (Caleb King). Pete urges Scott to text Cody, and middle-aged Scott soon discovers that his handsome former son has been longing to see him again. Meanwhile, Pete has become infatuated with young, sexually adventurous housemate Alex (Sean Cross), and is trying to keep their trysts hidden from Scott. But muscular Scott will soon have a secret of his own, as his relationship with Cody blossoms into more than their previous family union would allow.

#### About Mile High Media:

Mile High Media has been a pillar of the adult industry for over 20 years. The Canadian managed company began as a Canadian licensee for American adult movies, ensuring it distributed only the highest quality content. Understanding the diverse and ever changing needs of its consumer base, Mile High determined the best way to provide a wide array of superior entertainment was to produce its own. In 2003, Mile High launched Doghouse Digital, the first of its acclaimed lines catering to specific niches. Growing market trends and demand led Mile High to create Sweetheart Video (lesbian line), Sweet Sinner (couple line), Reality Junkies (reality gonzo line), Male Reality (gay reality gonzo line) and recently launched Icon Male (gay romance line). With over 2000 titles, Mile High's studios yield some of the most viewed adult movies in the world, available on all platforms, including broadcast, IPTV, VOD and mobile applications. Mile High is committed to evolve alongside consumers tastes, reflecting new developments in technology and entertainment.
